The services of the Mail Order Department are at the disposal of patrons residing out of town.

Fifth Avenue - Madison Avenue New Yark 34th and 35th Streets

There has been a steady decrease of the promoters "The Courier" said:

"There has been a steady decrease of surface travel," began Mr. Johnson.

"There has been a steady decrease of records will show that," interrupted Mr. Yeomans, Again Commissioner Williams hammered with his gavel to restore order.

Mr. Johnson maintained that the relation of the subway to the surface lines in isolated cases did not affect the general situation.

"There has been an increase of 100-mission," he said.

"Our mileage records show that the service has increased proportionately in that time." Mr. Yeomans replied.

FIRE CAUSES "L" TIE-UP

Short Circuit Destroys Five Power Cables.

The Beachwood tract, which is being developed by The New York Tribune, is the busiest spot along shore to use, is the sailon of the specific or a large clubhouse, which is also to be started in the spring of the busit very station. The businest spot along stumps and cleaning out underbush the new year was marked by the starting of at least four new buildings. Three of these are a union the business, and th Power Cables.

Fire which destroyed five power cables at a point under the Manhattan Bridge tied up the Third av. "L" from 34th st. to the South Ferry from 3:30 o'clock yesterday morning until 7:32. The blaze, caused by a short circuit,

New Jersey Courier."

Praise for the manner in which the
property at Beachwood, N. J., is being
developed was expressed in the issue
of "The New Jersey Courier," published at Toms River, on January 8.

There has been a steady decrease of
face travel." began Mr. Johnson.

There has been a steady decrease—

There will be three rows of them, covering a space 32x46 feet. The building of bathhouses here is particularly
satisfactory to Toms River people, who
had been fearing that the development
of Spiles Point meant that their
ancient bathing privilege would be taken from them and the beachfront at the
property at Beachwood, N. J., is being
developed was expressed in the issue
of "The New Jersey Courier," published at Toms River, on January 8.

In commenting upon the enterprise of
the promoters "The Courier" said:

"The Beachwood tract, which is being developed by The New York Tribout the promoters of them, covering a space 32x46 feet. The building of bathhouses here is particularly
satisfactory to Toms River people, who
had been fearing that the development
of Spiles Point meant that their
ancient bathing privilege would be taken from them and the point become
hedged in as private property. It is
understood that the beachfront at the
beachwood tract is to be kept open to
the public and that all lot owners will
have an equal share in its use.

"The depot will be 20x40 feet in size.

and will be used by both railroad.
